Description

Introducing TANKI - the luxurious door pull handle that draws inspiration from Japanese design and culture. The name "TANKI" is derived from the Japanese word "□□," which means "iron-forged," echoing the handle's robust design.

Crafted from high-quality materials and finished with a lustrous gold coating, TANKI exudes luxury and elegance. The gold finish is inspired by the traditional Japanese art of Kintsugi, where broken pottery is repaired with a golden lacquer to highlight its flaws and imperfections, transforming it into a thing of beauty.

The TANKI pull handle is perfect for modern and minimalist interiors, adding a touch of sophistication and style to any space.
