**Description**

Introducing the Kajiya Door Pull, a piece of architectural ironmongery that adds both style and functionality to any space. The Kajiya Door Pull derives its name from the Japanese word "kajiya," meaning "blacksmith." This piece of architectural ironmongery is a tribute to the skilled craftsmen who use fire and hammer to shape metal into functional and beautiful objects.

Crafted from high-quality stainless steel, this Door Pull boasts a UniFort finish that provides a unique and textured appearance. The matte black finish adds to its contemporary style, making it an ideal choice for modern homes and offices.

Measuring in at L300mm, the Kajiya Door Pull is the perfect size for any standard door. Its solid construction ensures that it can withstand heavy use, making it a reliable and durable option for any space.

The Kajiya Door Pull is a piece of architectural ironmongery that seamlessly blends style and functionality. Its sleek design and sturdy stainless steel construction make it a standout choice for modern interiors.
